MEMORANDUM FOR: Director of Central Intelligence

FROM: Dave Gries [REDACTED]

SUBJECT: Weekly Report

25X1

Rep. Stokes has made available an amendment to the FY87 Authorization bill providing for recruitment of minority students having skills critical to the Agency. These students would then be given tuition supplements to attend college and rejoin the Agency afterwards in a professional position. Office of Personnel, OGC, the Comptroller, and our office strongly support this concept, which in fact is mirrored in several similar programs already in place. We expect to support the Stokes initiative.

HPSCI, in late March, reported out favorably the Hamilton bill barring covert military aid to Angola. It is now before the House Foreign Affairs Subcommittee on Africa, which has scheduled a hearing on 22 April.

Hamilton's 5 March letter to you raising alleged weak points in our response to oversight has now been reduced to a few sticking points through negotiations between staffs. You will have a proposed answer for signature this week. The delay was caused by HPSCI's request that the issues be discussed and, if possible, resolved between staffs before your formal answer is sent.
